

# Student Career Mentoring at Latrobe University

---

**Latrobe University** is looking for Career Mentors for their students.

In this program you could help to guide a student who is embarking on their career.

By becoming a mentor you could also develop your own coaching, leadership and communication skills.

If you are interested in helping in this way and would like more information and an application form go to: [www.latrobe.edu.au/careers](http://www.latrobe.edu.au/careers) or contact : Patricia Brown, Careers Consultant, Careers and Employment T: 03 94793524 E: p.brown@latrobe.edu.au

## Case Studies

**Geoff** has worked for many years in Sales and most recently in training for several corporate businesses. In the past he has worked with young people as a trainer and mentor. Geoff would like to extend his skills working with young people, and also is interested in giving something back to the community.

He recently approached Volunteers of Banyule about volunteering opportunities and was referred to the Latrobe Mentoring program. Geoff is looking forward to this mentoring as a way that he can increase his own skills and experience, and help a young person along the way.

**Mary** has a background in finance, marketing and promotions in a corporate environment. She is thinking about a career change and wanted to volunteer in a field where she can use her new qualifications in community services. She discussed her options with Volunteers of Banyule.

The Career Mentoring at Latrobe really suits her and gives her a chance to use her new skills and help a student negotiate the transition to corporate and business life after graduating.

If you think you would enjoy being part of this program please contact Eliza Kriewaldt, Community Liaison Officer at Volunteers of Banyule for more information on 9458 3777 E : liaison@volunteersofbanyule.org.au
